Ambush

Screaming For more justice Amazonia burns Can you hear them? I'll fight To save another day So join us And we'll make them leave this land Threatening To kill how we feel We stop them It'll be worth dying for When you go down When you go down, motherfucker When you go down You go down fighting When you go down When you go down, motherfucker When you go down You go down fighting, motherfucker When you go down When you go down, motherfucker When you go down You go down fighting When you go down When you go down, motherfucker When you go down You go down fighting, ... Why? Why? Why?
