## **Meaningless Movements**

Sepultura

Born with remorse
To a cold barren place
Battle between minds
Hungry for words of prey

Contradictory truth
Secrets in lies
Meaningless movements

Icons reviews their sins Faith cheaper than thou Doubting your ideals Torment shreds your brain

Fearful fantasy respects the unknown Turning your heart red A requiem to celebrate ... you

Words I can not understand Shrieks in my moment of pain Imposter hides behind a mask My words against your lies

Turn my head
To see what I know
A shadow without form
Painted on the wall

Born with remorse
To a cold barren place
Battle between minds
Hungry for words of prey

One moment's mistake
False steps in the ground
Laws made by the blind
Ruling reign of light

Contradictory truth
Secrets in lies
Meaningless movements
