No One Will Stand

We defend what we believe Under attack no matter what Respect what we have achieved The enemy is scared but won't admit We flght to conquer total ground We hear no lies, we fear no threats I trust my brothers at my side Together we face the battle ahead

We fight - we kill - no one will stand

My army is formed and the focus is set No stepping back our path is clear Culture reigns no man will fail A crucial win a deadly dance We fight to conquer total ground We hear no lies, we fear no threats I trust my brothers at my side Together we face the battle ahead

We fight - we kill - no one will stand

Live for the day, all or nothing

My army is formed and the focus is set No stepping back our path is clear Culture reigns no man will fail A crucial win a deadly dance

Live for the day, all or nothing - attack!

Our hearts in our hands, our mind in our soul Live for the day, all or nothing
