

Slaves of Pain

Sepultura

All of us are victims
Confined by enigmas
Without solution
Your frozen thoughts don't let you
evolve
A prisoner of your own trap
Slaves of an infinite pain
What will be the limit?
What will be the end?
Life ends
Feeling death
Slaves of pain
Life ends
Feeling death
Slaves of pain
Seeking new paths
Don't be tied to your mistakes
Run away from this
Uncured sickness
Open your eyes
Don't lose your steps
Liberty is a dream
And it is also real
To die to run away
To forget what I've been To erase my past
To kill my guilt
Life ends
Feeling death
Slaves of pain
