

# The Bliss of Ignorants

Sepultura

Lost our way! Fell from grace!  
Fell from grace! Lost our way!

Ahh, there's no good reason  
Ahh, to live in darkness  
We slip we fall - stand by it all  
Sick of the filth - our world decay

Lost our way! We fell from grace!  
Fell from grace! We lost our way!  
Stronger, fearless - changing it over  
No more silence - push our way

Ahh, you didn't make us  
Ahh, in the end we'll save us  
The bliss is gone - you awake to see  
Our choice to be - brought back belief

We live our time - must wake and find  
The facts all sides - our freedom now!  
Our freedom now!
