

Vandals Nest

Sepultura

A bitter battle brewing. Engulfed in flames
A game for many. Others feel the pain

Seek a side for cover. Attack your enemy
Many spit their hatred right across the face

False deception
There's no order
Where's the progress?

Nothing functions
Nothing functions
Nothing functions
Nothing's working
Nothing functions
Nothing functions
Where's it gone to? was it worth it?

We lose sight
We chose sides
Delusions
We lose sight

False deception
There's no order
Where's the progress?
Where's it gone to?

Nothing functions
Nothing functions
Nothing's working
Was it worth it?
