

# We've Lost You!

Sepultura

Love is a failure  
Hate is just another deadly trap  
Trust is just a moment in life which you should command

We've lost you!  
Who knows who?  
We've lost you!

Pain is faking gain  
Profit is no relief  
To lie is to justify another lie you take as truth

Who knows who?  
We've lost you!

Death is a part of life  
As peace is part of war  
I just need to clear my mind to learn both sides

Who knows who?  
We've lost you!
