

## Wanting You

Serani

It's it's it's serani  
This one is for the ladies  
Serani's babies  
Babygirl

Nothing that I want from you  
Almost anything I would do  
I'll never be untrue  
So just give it up give it up baby girl

I been wanting you from the first day  
Daydreaming of you makes me hallucinate  
Girl I want your body  
I'm willing to meet your mommy  
You've got the remedy to make me feel so great

I won't stress her ready to undress her  
Alliviate her pain make her better and better  
More or lesser anything she prefer  
She like when I turn around  
And make it wetter  
She knows that I got it  
I made it my habbit  
To make her dance and sing like janet  
I won't top it for dinner light topics  
So babygirl

I been wanting you from the first day  
Daydreaming of you makes me hallucinate  
Girl I want your body  
I'm willing to meet your mommy  
You've got the remedyto make me feel so great

When I'm around I make u blush  
And take your time there's no need to rush  
Hear your friend's saying such and such  
That I'm not the one to make your life  
10 years
