

Buried

Seraphim Shock

Pull close to me
It's killing time
Dare to believe
Breathe deep your light

Leave me tomorrow
Hold me tonight
Bury deep that knife inside

You'll need me tomorrow
Betray me tonight
Bury me just one last time

We're goin down
Where few have been
To live the dream
To rise again

Leave me tomorrow
Hold me tonight
Bury deep that knife inside

You'll need me tomorrow
Betray me tonight
Bury me just one last time
