Seraphim Shock

Raise the horns baby make 'em bleed
We're drinkin murder tonight
Down for the devil till the end you'll see
One night 'll change your life

She'll be screamin burn the heavens
Toast the sinners unforgiven

Rebel
Dirty rebel
Rebel

Pretty faces on the highway to hell
Tasting you with a smile
3:17 seven souls to sell
It's just a matter of time

She'll be screamin burn the heavens
Toast the sinners unforgiven
