

Kiss

Serebro

To to to tonight I'll miss u

I still remember that sunny day light
I cherish the moment that painted my heart
And all u were saying with ur angel lies

Mm mm mm

And u don't believe in what I feel for u
It's just because u had sad love or few
But I'm in love with u and this is true

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u
Na na na na na na

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u
Na na na na na na

To to to tonight I'll kiss u

I opened my eyes and I saw dejavu
Like OMG I was dancing with u
And other things that I wanted to do

Mm mm mm

It don't mean a thing now if u are so far
I'm gonna make our hearts beating fast
And I'm on the way and know where u are

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u
Na na na na na na

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u
Na na na na na na

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u
Na na na na na na

To to to tonight I'll kiss u
Na na na na na na
To to to tonight I'll miss u

To to to tonight I'll kiss u

I still remember that sunny day light
I cherish the moment that painted my heart

To to to tonight I'll kiss u

To to to tonight I'll miss u

To to to tonight I'll kiss u
