

For You

Serena Ryder

Every day
Is just for you
The sun, it shines
Just for you

It was love at first sight
I couldn't bear it one more night
Without you

Heaven only knows how much I love you
Heaven only knows how much I care
And even if the sky fell from above you
You know that I'll always be there
For you

All this pain
Just for you
I can take
Just for you

I could see it in your eyes
A hello and no goodbye

Heaven only knows how much I love you
Heaven only knows how much I care
And even if the sky fell from above you
You know that I'll always be there

It could be so heavenly
Don't you try to fight it
I can see it in your eyes
It's meant to be

Heaven only knows how much I love you
Heaven only knows how much I care
And even if the sky fell from above you
You know that I'll always be there
For you
Oh, for you, for you, for you, for you, oh
For you
