## **Hey There**

Serena Ryder

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too late There ain't no one can take your place

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too true There ain't nobody else like you

Been a long time Since I've been in love Always leaving Never good enough Then that feeling When I saw your face There ain't no one can take your place

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too true There ain't nobody else like you

When you saw me With a broken heart You said, baby You are worlds apart From that darkness And those other girls, too There ain't nobody else like you

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too true There ain't nobody else like you

Ain't gonna worry no more Nobody's leaving me behind No more crying No more tears to hide

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too late There ain't no one can take your place

Hey there, hey there, hey there

Hey there, hey there Ooh, we've got the real thing, real thing There'll never be a better way Or a love too true There ain't nobody else like you Hey there, hey there Hey there, hey there Hey there, hey there There ain't nobody else like you There ain't nobody else like you There ain't nobody else like you
