

## Derelict

Serenity

Oh mother sure it makes you cry  
To see your only son like this  
...Wherever you may be these days

It has been a year now that I can find no sleep  
No matter what I try I fail  
So I can see precisely how my body fades away  
A skeleton to anyone, a symbol of decay

I live in hell  
There's no other words for this place  
I cannot tell  
What turned my life into this maze - I'm left alone  
On the whole  
A derelict is what I am  
A fallen soul  
A wandering shadow of a man losing his mind

The ones who are against me fear them all around  
What have I done what is their plan  
Is it just paranoia, I don't know what's going on  
A victim of conspiracy or haunted by a phantom?
