I've just found my Tanelorn My task is done, my quest complete But some things seem strange, unreal Dearest wish and clearest vision Form the sea I navigate I shun the cliffs of consciousne ss

In the deep where fire leaps up to become the shape of all that you fear Know the gate to glorious fates never seen in this life. So I fall...

...in other worlds on deeper plains I'm coming through again Fo rlorn in the never When I rise (to awake) And regain consciousn ess Then all is reduced to nothingness

There are times I can't believe I crossed the line because I se e These dreams of despair they are real

In the deep where fire leaps up to become the shape of all that you fear Know the gate to glorious fates never seen in this life. So I fall...

 $\dots$  in other worlds on deeper plains I'm coming through again Fo rlorn in the never When I rise (to awake) And regain consciousn ess Then all is reduced to nothingness

Caught in the gravity of the non-dreaming world I suffer from the incapacity to create a future that never was

Someone in the multiverse is dreaming your reality Imagine he c ould be the one who lives your dreams. Connecting, interacting on the field of possibilities Figments of the mind behold divin ity.
