

# One More Lie

Sérgio Mendes

I know I'll never forget you  
No matter how hard I try  
I know I'll even be a fool for you, baby  
Just before you say goodbye

O-oo wee, tell me one more lie  
O-oo wee, tell me 'fore you go  
Tell me, tell me  
O-oo, oh, oh

When you say: "I love you, baby"  
It doesn't seem to show  
And if it means you're leaving, darling  
I don't even want to know

O-oo wee, tell me one more lie  
O-oo wee, tell me 'fore you go  
Tell me, tell me  
O-oo, oh, oh

Though your love ain't shining  
The way that it used to be  
Something in your eyes is saying: "Darling  
You've lost your love for me!"

O-oo wee, tell me one more lie  
O-oo wee, tell me 'fore you go  
Tell me, tell me  
O-oo, oh, oh
