

# Go For A Ride

Serial Joe

Never said that we were leavin'  
Hit the gas and said let's go  
Started down the open highway  
Looking for that dusty road

CHORUS:

No more cryin'  
Gonna leave our lives behind  
Let's get lost in time  
Let's go for a ride  
Let's go for a ride

Didn't say where we were headed  
Left a crinkled rolled up note  
Said we might be back here sometime  
But we just really didn't know  
As the days kept passing faster  
We were racing into fate  
Always one step from disaster  
We just couldn't keep on pace

CHORUS:

No more cryin'  
Gonna leave our lives behind  
Let's get lost in time  
Let's go for a ride  
Let's go for a ride  
No more cryin'  
Gonna leave our lives behind  
Let's get lost in time  
Let's go for a ride  
Let's go for a ride

Let's get lost in time  
Let's go for a ride  
Let's get lost in time

If you put all your time to running  
There's all the things  
You just don't see  
Like the situation leaving  
To the end of your destiny

CHORUS:

No more cryin'  
Gonna leave our lives behind  
Let's get lost in time  
Let's go for a ride  
Let's go for a ride  
No more cryin'  
Gonna leave our lives behind  
Let's get lost in time  
Let's go for a ride  
Let's go for a ride
