

# Stranded

Serial Joe

I never wanna hear the things you say  
Cause they're tearin' up my mind  
I never try to know the games you play  
Cause there's rules that I can't find  
You know you make it hard for me to stay  
When I'm hurt time after time  
I try to leave you almost everyday  
But I can't let go

CHORUS:

I'm stranded  
Changed my mind  
Wishin' I could turn back time  
I'm stranded  
Been so blind  
Wish that I had said goodbye

I used to try'n see it through your eyes  
But they're just so hard to read  
You know it came to me as no surprise  
That your heart just couldn't bleed  
And now I know I have to break the ties  
Cause there's so much more I need  
But I am growing tired of the lies  
And I don't need you

CHORUS:

I'm stranded  
Changed my mind  
Wishin' I could turn back time  
I'm stranded  
Been so blind  
Wish that I had said goodbye

Unlock the door  
Can't take no more  
It's all been said and done before  
The things you say  
The games you play  
They make it so that I can't stay

CHORUS:

I'm stranded  
Changed my mind  
Wishin' I could turn back time  
I'm stranded  
Been so blind  
Wish that I had said goodbye  
I'm stranded  
Changed my mind  
Wishin' I could turn back time  
I'm stranded  
Been so blind  
Wish that I had said goodbye
