

# Ching Chime

Serj Tankian

Why make time  
When no one pays a dime  
To remunerate a rhyme  
Over the ching chime  
Ch-ch cha-ching chime  
Ch ch cha-ching chime

Creating a crime  
To start with melamine  
Looking at a mime  
The rhymes are all mine  
But no one pays no mind  
Over the ching chime  
Ch-ch cha-ching chime  
Ch-ch cha-ching chime

In the daytime  
Face covered by the grime  
Sucking on a lime  
When no one pays no mind  
Slamming on a rhyme  
Over the ching chime  
Over the ching chime  
Ch-ch ch-ching chime

Superbowl, half time  
Anytime is war time  
Second season is past time  
Gonorrhea, overtime  
Fuck that it's bedtime  
No more friend of mine  
Over the ching chime  
Ch-ch cha-ching chime

I'll fuck your mind  
Over the spring time  
Degradation in your prime  
A thought so asinine  
But no one pays no mind  
And no one pays a dime  
Over the ching chime  
Ch-ch cha-ching chime

Open your eyes don't be this way  
Though all your dreams are swept away  
The stairs will rise from yesterday  
Your tears and fears all melt away

Though all your dreams are swept away  
The stairs will rise from yesterday  
Your tears and fears all melt away

The waters will rush but don't dismay  
Our smiles will cross the world will stay  
The bridge has crossed itself today  
Now close your eyes and sway the sway, sway the sway
