

# Uneducated Democracy

Serj Tankian

When doors of hope open  
To illuminate silence  
Release us to the Utopians  
Let go of your resistance

As sex scandals dictate  
The winding road of realpolitik  
The bully runs from his corner  
Images rule through the media  
Hungry hunger further  
The hungry hunger further

Thanks for allowing us to fuck you  
Behind closed doors, closed minds  
Attractive feudalism  
Commercial Orwellianism

Thanks for allowing us to fuck you  
Behind closed doors, closed minds  
Attractive feudalism  
Commercial Orwellianism

The final revolution  
Will illuminate silence  
Release us to the Utopians  
Let go, let go

In dire need of reason  
In a truly deaf nation  
In dire need of reason  
In a truly deaf nation  
Without an education there is no real democracy  
Without an education there is only hypocrisy

Just you  
Sitting alone

Open your eyes  
Open your mouths  
Close your hands  
And make a fist  
Down with the system  
As we lay helpless against the machine  
Open your eyes  
Open your mouths  
Close your hands  
And make a fist  
Down with the system  
As we lay helpless against the machine

Open your eyes  
Open your mouths  
Close your hands  
And make a fist  
Down with the system  
As we lay helpless against the machine

As sex scandals dictate  
The winding road of realpolitik  
The bully runs from his corner  
Images rule through the media  
Hungry hunger further  
The hungry hunger further

Thanks for allowing us to fuck you  
Behind closed doors, closed minds  
Attractive feudalism  
Commercial Orwellianism

The final revolution  
Will illuminate silence  
Release us to the Utopians  
Let go of your resistance  
The final revolution  
Will illuminate silence  
Release us to the Utopians  
Let go, let go

In dire need of reason  
In a truly deaf nation  
In dire need of reason  
In a truly deaf nation  
Without an education there is no real democracy  
Without an education there is only hypocrisy  
In dire need of reason  
In a truly deaf nation  
In dire need of reason  
In a truly deaf nation  
Without an education there is no real democracy  
Without an education there is only hypocrisy
