

Love

Sertab Erener

Tell me you'll come rescue me
Tell me you'll be by my side
You don't need a reason to enter the world
I just need to know that you'll survive

You, you can change the world
You can stop the hurt
You can make what's real
Life, life can make it hard
To know just what you are
Please, come rescue me

Can you tell me, tell me what you see?
Sometimes you're hard to understand
I could live forever in all that you are
My heart will be yours to command

You, you can change the world
You can stop the hurt
You can make what's real
Life, life can make it so hard
To know just what you are
Please, come rescue me

I don't know what's right
I don't know what's wrong no more
Can you tell me? Oh, please
Just what am I fighting for?

You, you can change the world
And you can stop the hurt
You can make what's real
Life, life can make it so hard
To know just what you are
Please, come rescue me

Only you can save me
Only you can touch my heart
Tell me you'll come rescue me
