

Duality

Set It Off

I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning
I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning, duality

I have a confession that you will not believe
That you could not perceive this freak, gonna set it off
I have a confession, of a side that I hide
It's a cloak or disguise unleashed, gonna get it off

No, I'll never get away
Cause if I try to stray
It only holds me closer
No, I'll never get away
I'll have it any way
I'll never stop

I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning
I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning, duality

I have an impression, in the back of my mind
For the black in my tie contains our dirty thoughts
Make me an obsession, when you lock me inside
For the ride of your life unleashed, gonna get it off

No, can't count the list of things
I know are wrong with me
No need to just keep fighting
No, I'll never take the blame
So I'll just take the blame
I'll never stop

I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning
I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning, duality

I am good, I am evil
I am solace, I am chaos
I am human, and that's all I've ever wanted to be

No, can't count the list of things
I know are wrong with me
No need to just keep fighting
No, I'll never get away
I'll have it any way
I'll never stop

I can't quite contain or explain my evil ways

Or explain why I'm not sane
All I can say is this is your warning
I can't quite contain or explain my evil ways
Or explain why I'm not sane
All I can say is this is your warning, duality
