

# Crimson Manifestation

Setherial

You have been spelled, and ever cursed  
Once put to death, then you are never to return  
You were defiled, and whipped to tears  
In my surroundings you must face all your fears

Dark are my words...

Search for the signs, look to the skies  
Hear screams and infant cries as northern devils rise  
You fear the beast, my time is near  
I am in everything, now punishment is here

Doomed is your heard...

I have been blessed, baptized in blood  
I am your destiny, a nonloving god  
I am the way  
All shall kneel to me and pray

In hell the realm below  
Through the sulphur gates, you all must go  
There I am he, and he is me  
I am your nemesis, your reaper to be

Death of the world...

A land, where sinners mourn  
Suffering of souls never born  
Bloodstain's slashing chains  
I compel you to open your veins  
Unholy thoughts, evil within  
Sworn to malice and sin  
Fear is the beast, the time is here  
I am everything, now Satan's son is here...

Obey this manifestation  
An angel draped in blood  
Son of the underworld's might  
Exalted eternal and bright
