

# The Fire Is Mine

## Seven Kingdoms

Farewell my Sun and Stars  
You've fallen from your horse  
How I long to see your light again  
Now I've lost so much  
The woman who betrayed all my trust  
Shall burn tonight with us  
Fire and Blood  
My Vengeance!

Horse Lord ride to the sky  
A red star appears tonight  
Hailing from the flames  
The return of dragons

Forgive me, Son of my Life  
forgive me for all I've done and  
All that i must do  
The price paid was too high  
Flames destroy the past  
My will is done there's no turning back  
These Dragon Eggs shall crack  
Fire and Blood  
The Rebirth!

Horse Lord ride to the sky  
A red star appears tonight  
Hailing from the flames  
The return of dragons

Goodbye My Love  
Let this fire take you up  
If I look back, I'm lost  
Goodbye My Love  
Your Star will rise above  
Only Death can pay for Life

Goodbye My Love  
Let this fire take you up  
If I look back, I'm lost  
Goodbye My Love  
Your Star will rise above  
Only Death can pay for Life

Goodbye My Love  
All I've lost is far too much  
I've paid the price unknowing the cost  
Goodbye My Love  
Let my fire burn you up  
From the ash, the dragons rise
