

Keep It Close

Seven Lions

Through the thunder
Through the rain
Dreading battlefields,
Say you'll remain

Keep it close
Stay cold

Keep it close
When they're coming for us,
When they're coming for us
Stay cold
Stay cold

Keep it close
Stay cold

Bruised in ashes,
In the dust,
Hold your miracles
Glimmering through the rust

Keep it close
When they're coming for us,
When they're coming for us
Stay cold
When they're coming for us,
When they're coming for us,

Stay cold.
