

## Keep It Close

Seven Lions

Through the thunder  
Through the rain  
Dreading battlefields,  
Say you'll remain

Keep it close  
Stay cold

Keep it close  
When they're coming for us,  
When they're coming for us  
Stay cold  
Stay cold

Keep it close  
Stay cold

Bruised in ashes,  
In the dust,  
Hold your miracles  
Glimmering through the rust

Keep it close  
When they're coming for us,  
When they're coming for us  
Stay cold  
When they're coming for us,  
When they're coming for us,

Stay cold.
