

Lose Myself

Seven Lions

Under rocks of memories
Underneath to desire
I found what I'm missing in your fire

Up above the skyline
High above the lights
You've become the echo of my life

Ooh oh oh oh oh, I wanna lose myself inside you
Ooh oh oh oh oh, I couldn't let you go if I tried to
You fly me so high, I look down below
The shadow of night hides the way that we glow
Ooh oh oh oh oh, I wanna lose myself inside you

Oh oh oh, just keep breathing, just keep breathing
Oh oh oh, all these feelings, all these feelings
Oh oh oh, just keep breathing, just keep breathing
Oh oh oh, all these feelings, all these feelings

You fly me so high, I look down below
The shadow of night hides the way that we glow
Ooh oh oh oh oh, I wanna lose myself inside you

I wanna lose myself inside you

Oh oh oh, just keep breathing, just keep breathing
Oh oh oh, all these feelings, all these feelings
Oh oh oh, just keep breathing, just keep breathing
Oh oh oh

All evil ashes rising
All oppresses you
In the end of finding a perfect you

And so always sun rise
And so halfway moon
Ain't no way you'll be coming with me soon

Ooh oh oh oh oh, I wanna lose myself inside you
Ooh oh oh oh oh, I couldn't let you go if I tried to
You fly me so high, I look down below
The shadow of night hides the way that we glow
Ooh oh oh oh oh, I wanna lose myself inside you

Oh oh oh, just keep breathing, just keep breathing
Oh oh oh, all these feelings, all these feelings
Oh oh oh, just keep breathing, just keep breathing
Oh oh oh, all these feelings, all these feelings

You fly me so high, I look down below
The shadow of night hides the way that we glow
Ooh oh oh oh oh, I wanna lose myself inside you
