

# Chasing You

Seven Mary Three

No communication with you  
Words don't believe  
the things they mean  
mean what you say  
say who you are

No communication with you  
This silence is thick  
but listen close  
I'm crawling through  
your radio

I can't keep a thought  
Am I?  
Chasing you, chasing you out  
Chasing you, chasing you out

No communication with you  
Tired of things  
we can't control  
We want them fixed  
Compatible

No communication with you  
The moment you leave  
the truth explodes  
from underneath  
her hiding place

I can't keep a thought  
Am I?  
Chasing you, chasing you out  
Chasing you, chasing you out

It's make believe  
It's in your mind  
Always in your mind  
It's deafening  
Distance between  
conditioning  
You and I

I can't keep a thought  
Am I?  
Chasing you, chasing you out  
Chasing you, chasing you out
