

Seeds Of Life

Seven Nations

Ooh how my mind moves to green when I close my eyes
Because green is the color of life, life I'm denied
Seeds of hope, seeds of faith
Will you grow, grow to escape
Prison walls and grow greener
And carry me far away
Ooh how the time moves so slow while my garden grows
But hope's my companion, time without, well often I've known
Well I won't, and I will
And I won't, I won't stop until
You grow strong, and grow greener
And carry me far away
Carry me far away

Take me and then arrest me
Take me, don't leave me long
Don't

Seeds of hope, seeds of faith
Will you grow, grow to escape
Prison walls and grow greener
And carry me far away
Carry me far away
