

## Seeds Of Life

### Seven Nations

Ooh how my mind moves to green when I close my eyes  
Because green is the color of life, life I'm denied  
Seeds of hope, seeds of faith  
Will you grow, grow to escape  
Prison walls and grow greener  
And carry me far away  
Ooh how the time moves so slow while my garden grows  
But hope's my companion, time without, well often I've known  
Well I won't, and I will  
And I won't, I won't stop until  
You grow strong, and grow greener  
And carry me far away  
Carry me far away

Take me and then arrest me  
Take me, don't leave me long  
Don't

Seeds of hope, seeds of faith  
Will you grow, grow to escape  
Prison walls and grow greener  
And carry me far away  
Carry me far away
