

Cold

Seven Wiser

What will become of all of us
I can't sit there and think that it's ok
Take a closer look inside
They are even among us all

What were you think
It turn our head
What where you think
It will look away
How can someone be so cold
So cold so cold so cold

It's getting warmer here
At the end
All that surround us
Disappears
It's getting harder
Keep me sweat

We won't back down
Without a fight
What were you think
It turn our head
What where you think
It will look away
How can someone be so cold
So cold so cold so cold

How can someone be so cold
Say no don't go around there

What were you think
It turn our head
What where you think
It will look away
How can someone be so cold
So cold so cold so cold

What were you think
It turn our head
What where you think
It will look away
How can someone be so cold
So cold so cold so cold
