

Regret

Seven Wiser

Did you hear me callin'
The day you walked out
Didn't even turn around
To see me tryin'
In this life I'm nothing but alone
Trying to understand
This in front of me
You never gave a damn about me

Now, how could you just
Turn your back on me
Now, after everything I've done for you
I never walked away from anything but you
Taking everything from me and turned it
Upside down

So I see your out there
Your face is cryin'
Regret is on your mind
I'm sick of tryin'
In this life I'm nothing but alone
Why everything for me is upside down
You never gave a damn about me

Every time you sit and think of me
In your head you're crawling back to me
