

We're Sad

Seven Wiser

I don't think you ever think about me
Your cold heart is melting, sinking through me
I fall far into your little world
To a world I never thought I knew
Well I can see, just open your eyes girl
And I can see, you're into your own world
And I can see, it's not making any sense
Cause you don't see me

You, don't see me for me
All you say is
I care
I know you said it
I won't take that long, you'll see I'm gone
You'll see me, I, know you know
We're sad

You told me to take a look around me
At all the things you told me that you gave me
Don't you know everything is gone?
The sentimental felling has faded
Well I can see, just open your eyes girl
And I can see, you're into your own world
And I can see, it's not making any sense
Cause you don't see me

You, don't see me for me
All you say is
I care
I know you said it
I won't take that long, you'll see I'm gone
You'll see me, I, know you know we're sad
