

200 miles per hour
That's how fast I seem to go

With the weight of the world on my
shoulders
Slow down. come and catch us all

WAIT!
Slow Down!
Take!
Slow Down!
Why can't you help me?
Slow Down!

Feel
When I'm in doubt

I need something beautiful
To fill the space we've taken up
I need something to feel real
Again before I go numb

Downward spiral. a kaleidoscope view
Is what you're seeing saying so jaded
The picture I drew

Come again. Come Again. Come Again!
Wait!
Take!
Wait!
Why can't you help me?

Wait!
Take!
Wait!
Take!

Feel when I'm in doubt
Feel when I'm in doubt

I need something beautiful
To fill the space we've taken up
I need something to feel real
Again before I go numb

Are you alive?

Are you alive?
I'm alive
When I'm in doubt
I'm alive
