

Born to Die

Sevendust

Opened up my eyes
Release me

I can't believe
This is happening to me
Born to live but sworn to die
My body is warm, my fingers are cold
I think they buried me alive
I might have found, lost my soul
As the pages of my life unfold

Opened up my eyes
Release me

Did I walk a long way?
Today is finally owned me
Twist a blunt, it's time to fly
The cough is growing
Micodots? are flowing
Oh my god, I'm ready to die

Born to die
(Born to die)
Born to die
Born to die
(Sing together)
Born to die

I can't believe
This is happening to me
Born to live but sworn to die
My body is warm, my fingers are cold
I think they buried me alive
I might have found, lost my soul
These are the pages of my life

Born to die
(Born to die)
Born to die
Born to die
(Sing together)
Born to die
