

I take the broke down, rundown
Worst day I ever had
Beats any day with you
You say you're living
Taking just about everything
That fits in your world with you

Live until you die
Just come alive
It's all you'll need to know
And freed from this life
Come alive
I come alive, I come alive

I see the blown out, burned out
I see you're running now
To keep the story true
The sky is bleeding, falling
This changes everything
And rips life away from you

Live until you die
Just come alive
It's all you'll need to know
And freed from this life
Come alive
I come alive, I come alive

Live until you die
Just come alive
It's all you'll need to know
And freed from this life
Come alive
I come alive, I come alive

Yeah, I come alive
To see the bitter end
Pray the seconds burn
And life begins
Say it now
Tell me nothing's wrong
Take it now
You can have it all

Live until you die
Just come alive
It's all you'll need to know
And freed from this life
Come alive
I come alive, I come alive

Live until you die
Just come alive
It's all you'll need to know
And freed from this life
Come alive
I come alive, I come alive
