

Seems as though you're here again
Even so this day wont end
Always a step behind me, been
Creates a vision that blinds within
If you could only see

The thought the burns inside
Gives you a feeling that you think will hurt me
A sight that burn the eyes
And you'll catch me and I know it kills you
IT KILLS YOU

Flip the switch and start again
Get the feeling every now and then
That your eyes are watching me
Creates a burning inside of me
I wish that you could feel
ALL THE SHIT THAT YOU PUT ME THROUGH

The thought that burns inside
Gives you a feeling that you think will hurt me
A sight that burns the eyes
And you'll never catch me and I know it kills you
IT KILLS YOU

Of course I saw you stumble
Always a step ahead
I coulda sworn I saw you say
Your confusing what you see
Confusing what I mean
I'll show you everything you thought you'd ever taught to me

The thought that burns inside
Gives you a feeling that you think will hurt me
A sight that burns the eyes
And you'll never catch me and I know it kills you
IT KILLS YOU

SO THINK ABOUT THIS AS YOU WALK AWAY
YOU LOST IT ALL AND NOW
IT'S COMING DOWN
IT'S COMING DOWN

Of course I saw you stumble
Always a step ahead
I coulda sworn I saw you say
Your confusing what you see
Confusing what I mean
