

Inner City Blues

Sevendust

Rockets, moon shot
Spend it all on the have nots
Money, we make it
By the time we see it, you take it, you take it

Ohh, you make me wanna holler
The way they do my life
Ohh, you make me wanna holler
The way they do my life, they do my life

This ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'

For sure, no chance
To increase finance
And the bills pile up sky high
Send that boy off to die, off to die

Ohh, they make me wanna holler
The way they do my life
Ohh, they make me wanna holler
The way they do my life, they do my life

This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'

This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'

Hang ups and let downs
Bad breaks and set backs
The natural fact is
I can't go on like this, I can't go on

The crime is increasing
Trigger happy policing, happy policing
And panic is spreading
God knows where we're heading, where we're heading

Ohh, makes me wanna holler
Throw up both my hands
Ohh, makes me wanna holler
Throw up both my hands

This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'

This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't livin'
This ain't livin', this ain't livin', this ain't
livin', this ain't livin'
