

If you could see inside of me
See my conflicted world
It's watered up and blown away

So for all to know you burn through me
You're surrounded confronted now with this
And see the light of day

I write a letter just to say
I'm not the only one who lost the way
Don't let me hold you back now
We got time to get to burn the page

I write a letter just to say
We're not the only one to throw away
And say goodbye it's all to say
I run my last letter for you today

I saw weakness crawling all over you
Like a plague taking over the world
We stayed alive to fear all the pain

So with all I know you can not say
the dearly departed just burn what's left of me

I write a letter just to say
I'm not the only one who lost the way
Don't let me hold you back now
We got time to get to burn the page

I write a letter just to say
We're not the only one to throw away
And say goodbye it's all to say
I run my last letter for you today

The rest of my life
completely blind, decided
and not pulling through
I don't give a damn
the words speak the truth
I left it in my letter to you

I write a letter just to say
I'm not the only one who lost the way
Don't let me hold you back now
We got time to get to burn the page

I write a letter just to say
We're not the only one to throw away
And say goodbye it's all to say
I run my last letter for you today

Today, I run my last letter for you today
