

# Rumble Fish

Sevendust

Again I try and change my ways  
Something for some reason  
Takes me from you again  
Time nor season (SEASON)  
Burnin' for a reason  
Killin' myself with guilt  
Gave nothin' - taking all  
How my life has changed - (2x)  
Was it ever sacred

Feel it...  
Let it go...  
I know  
I know...what you...feel

Step down on the slivering snake  
Rescue yourself from the prick  
End it  
Make it fade

Can I get a witness  
Can I get a witness from this rage (RAGE)  
Everyday (RAGE)  
Suffocate  
From the pain  
What the fuck - can't believe what you said  
Motherfuckers out there  
Don't even know me  
Gave nothin' - takin' all  
How my life has changed  
Feel it...  
Let it go...  
I know (what you said)

Step down on the slivering snake  
Rescue yourself from the prick  
End it, make it fade  
Get up, get up, get up, get up, get up  
(2x)

Feel it...  
Let it go...  
I know

Step down on the slivering snake  
Rescue yourself from the prick  
End it, make it fade  
(2x)
