

Slip and give a fake
Let you feel a little stronger
My eyes wake
You think I'm rollin over
You wonder how I feel now that your under
You can't breathe can't hold it any longer
(I'll) I'll make you (suffer)

Fear is your only reason
You never thought that you'd
See me in another season
Now I feel the need to make you
(suffer)

Now you see the face of the one that took you over
You can't believe how it ended up you stumble
I'll never let you have a chance now you wonder
You can't breathe (can't hold it any longer)

Fear is your only reason
You never thought that you'd
See me in another season
Now I feel the need to make you
(suffer)

Fear is your only reason
You never thought that you'd
See me in another season
Now I feel the need to make you (take it)

(think what you want I've always seen
The shade` of your color scheme
I cut through your bullshit talk
I stomp on your fucked up walk)

(think what you want I always knew)

Fear is your only reason
You never thought that you'd
See me in another season
Now I feel the need to make you suffer
Fear is your only reason
You never thought that you'd
See me in another season
Now I feel the need to make you
(suffer)
