

The Rim

Sevendust

Welcome to a world of eternal shame
Where everything you do is judged by a stupid (fucker)
And no respect
and no reason why
Go get in line punk
(Cause I've been waiting to)

How long
does it take to get an answer
To fucking questions
I always wanted
To let you know
I don't give a shit
(Why don't you suck this...)

Mouth running like a coke nose
Whose dick did you have to suck
to get the manual for (this world)
Hey Einstein, I see you've got
that look again
And I know you like solving problems
(Well how many licks you dumb fuck)
How many licks
does it take
To get to the center
of this tootsie cock
I got a number for ya
(So take it)

How long
does it take to get an answer
To fucking questions
I always wanted
To let you know
I don't give a shit
(Lick around the rim bitch)
How long
does it take to get an answer
To fucking questions
I always wanted
To let you know
I don't give a shit
(You suck a real good dick)

How long
does it take to get an answer
To fucking questions
I always wanted
To let you know
I don't give a shit
(Bet your fucking box stinks)
How long
does it take to get an answer
To fucking questions
I always wanted
To let you know
I don't give a shit

Suck this dick!
