

Will It Bleed

Sevendust

Confusion, perception.

Rage inside of me.

Or will it ever; or can it ever; or will it ever take me?

I'd rather kill myself, than put you through the pain again

I'd rather kill myself, than put you through the pain. (2x)

Passion; Find direction.

Hate inside of me.

Or will it ever; or can it ever; or will it ever take me?

I'd rather kill myself, than put you through the pain again

I'd rather kill myself, than put you through the pain. (2x)

I'd rather kill myself. [repeat]

I'd rather kill myself, than put you through the pain again.

I'd rather kill myself, than put you through the pain. (2x)
