

# Loving You

Seventh Avenue

I was close to you  
Dreaming my dream  
I was far away  
So it seems  
I need honesty  
A stone of hope  
I need your love  
Now look at me

I'm loving you  
Looking for paradise  
I'm loving you  
Changing me now  
I'm loving you  
Looking for every day  
I'm loving you  
Looking for you now

I'm loving you  
I need security  
I feel your love to me  
What can I do?  
I'm loving you  
I need reality  
No world of fantasy  
I'm loving you

I'm loving you  
Looking for paradise  
I'm loving you  
Changing me now  
I'm loving you  
Looking for every day  
I'm loving you  
Looking for you now

I'm loving you  
Looking for paradise  
I'm loving you  
Changing me now  
I'm loving you  
Looking for every day  
I'm loving you  
Looking for you now
