

Candy

Seventh Day Slumber

So many nights wasted,
poisoning myself
Guess I just hated,
the emptiness I felt
To be excepted
you gotta look like they do
But you held your hand down
and took me just as I am

Your love's like candy
oh like something
I've never tasted before
And you take me places
I never dreamed I could go

Oh I've been laughed at
and broken in two
And I've felt the wrath that
words of hate can do
Oh I've been stranded
and left standing in the rain
But you picked my head up
and carried me
away from this place

Your love's like candy
like something
I've never tasted before
And you take me places
I never dreamed I could go
and where would I be
without you
where would I go
without you
