

# Carry Me

## Seventh Day Slumber

On my knees  
Searching within  
I've come to the end of me  
And I'm ready to begin  
To find my purpose  
To find my way  
I'm reaching for you

And I am desperate  
And I can't do this on my own

Won't you carry me  
My arms are wide open  
I'm giving everything  
Won't you carry me  
Oh Lord I surrender  
I'm letting go today

I'm forgiven  
Because you paid the price  
I still can't seem to leave it all behind  
All my failures  
All of my mistakes  
Still I'm reaching for you

And all of these years  
So lost and broken  
And all of these tears  
I've walked alone  
Now reaching for you
