

Crash

Seventh Day Slumber

You might escape from everything, there's comfort in Your arms
I'm out of place when we're apart like drowning slowly
And when the music starts to fade and everyone has gone
I know that You'll still be here with arms out open

And I will run to You and crash into Your arms
Giving all I am, I know I'll never be alone
And I fall to pieces without You in my life
I couldn't make it on my own, can't make it on my own

Sometimes life seems so hard and hope is far away
In the middle of my storm You better hold me
Just the thought of You alone brings healing to my soul
And when I reached You took my hand and never let go

That's why I run to You, crash into Your arms
Giving all I am, I know I'll never be alone
And I'd fall to pieces without You in my life
I couldn't make it on my own, can't make it on my own

Crash into Your arms
Giving all I am, I know I'll never be alone
And I fall to pieces without You in my life
I couldn't make it on my own, can't make it on my own

Crash into Your arms
(Couldn't make it on my own)
