

One Mistake

Seventh Day Slumber

Can I hear Your voice?
'Cause I feel so far away
And You've always known exactly what to say
But tonight, I've really crossed the line
I've let You down, but You never said goodbye
And I know You'll be here tomorrow
When everyone else has come and gone

I want to run, I want to hide
Wish I could disappear tonight
'Cause I feel like I'm just one mistake away
And I know You'll never leave
But it's so hard to believe
When I feel like I'm just one mistake away
From You leaving me today

How I've tried to keep this fire alive
Holding onto You, the one that I desire
And I know that I'm the one to blame
Wish I was stronger, but I'm growing every day
And I know You'll be here tomorrow
When everyone else has come and gone

I want to run, I want to hide
Wish I could disappear tonight
'Cause I feel like I'm just one mistake away
And I know You'll never leave
But it's so hard to believe
When I feel like I'm just one mistake away
From You leaving me today

When I fall You run to hold me
You wrap Your arms around me
And You calm all my fears
You're not leaving me here
I'm not too far away
Still covered by Your grace
And You came to take away my shame
I'm not one mistake away

But I run and I hide
I'm still fighting with this life
That tells me I'm just one mistake away
And Jesus, I know You'll never leave
Sometimes I get so sick of me
That I feel like I'm just one mistake away
From You leaving me today
