

Grave Condition

Severe Torture

relentless and persistent
this horror redefined
rabid foaming craving
the carnage has begun
multiple contusions
once caged now set free
genetically destructive
animalistic, born to kill

kill on instant
hypervigilant
detest
this is your grave condition

relieve
the mortal flesh of pain
bled out
your body's blood is drained
instinctive
animalistic, set to kill
watching you intestines
as they seep from every orifice

kill on instant
hypervigilant
detest
this is your grave condition

shoving the bowels through the throat
your stomach will explode
your eyes pop out of the sockets
the skull is crushed, the meat is
devoured
