## **Misanthropic Carnage**

## **Severe Torture**

Spiritual obscenity Creates my desire to kill Victims lay down screaming Ready to be butchered

I open their eyes For them to see How I start eating Of their flesh

Mental sickness Overrules my sympathy

Misanthropic carnage Molesting each and every part Mutilating their souls Until they'll fear the light Misanthropic carnage Slaughtering humanity With their useless, fucked up minds They'll crawl for me and die!!!

Fucking the wounds Of the half rotten cadavers With sickened disgust Of what they believe Sexual fulfillment As I cum in their lying mouths
